This brief should specify the exact nature of your request and state the criteria or substantiate hardship; reference the regulations and set forth in detail all facts relied upon, pursuant to General Laws, Chapter 40A, Section 15, your proposal should meet the criteria clearly identified and factually supported.

NOTICE OF PUBLIC HEARING

PUBLIC HEARING

ZBA public hearings are held the third Thursday of the month in Room A, Town Hall, 7:30 p.m. The ZBA will hold a public hearing within 65 days of receipt of a properly filed petition. Attendance by the Petitioner or representative is recommended.

DECISION

After the Public Hearing the Board will file a written decision with the Town Clerk, within fourteen days of the vote. The twenty-day appeal period will then commence. At the end of the appeal period, assuming there was no appeal, the applicant will be able to obtain a certified copy of the decision from the Town Clerk.

This decision must be recorded at the Essex South Registry of Deeds in Salem with a book and page. A Building Permit will not be issued without proof of recording.

SPECIAL PERMIT CRITERIA

The Board may grant Special Permits in accordance with Section 10 of Chapter 40A of the General Laws, as amended, of the Zoning Protection Bylaw. In order to grant a Special Permit, the Board must find the following:

- ▶ The benefit to the Town outweighs the adverse effects of the proposed use or action, taking into account the characteristics of the site and proposal in relation to that site;
- ▶ The Petitioner's application include, in the Board's opinion, sufficiently detailed and credible information to show the project meets the intent of this bylaw.

In making this determination, the Board shall apply the following criteria:

1. Social, economic or community needs which are served by the proposal;
2. Potential fiscal impact, including impact on town services, tax base, employment;
3. Traffic flow and safety, including parking, loading;
4. Adequacy of utilities and other public services;
5. Compatibility with neighborhood character;
6. Impacts on the natural environment.

Please note Special Permits will lapse if they are not exercised within 36 months of the date of filing of the Decision with the Town Clerk.

VARIANCE CRITERIA

The Board may grant Variances in accordance with provision in Section 10 of Chapter 40A of the General Laws, as amended, from the terms and conditions as stated in the Zoning Protection Bylaw.

The Board may grant Variances under specific circumstances where a literal interpretation of the Bylaw would pose a substantial financial or other hardship upon the petitioner/applicant.

In making this determination, the Board shall apply the following criteria:

- ▶ Soil conditions, shape, or topography affects the land or structure in a special way, but not the zoning district in general.
- ▶ A literal enforcement would impose substantial hardship, financial, or otherwise, to the applicant. Any financial hardship must be somehow related to the land or soil conditions.
- ▶ When relief may be granted to the applicant without substantial detriment to the public good.
- ▶ When relief may be granted to the applicant without substantial detriment to the intent and purpose of the Ipswich Zoning Bylaw.

Please note that all of these conditions must be met for a Variance to be granted. Conditions may be added to address safety and time limitations. Rights authorized by a Variance will lapse if they are not exercised within 12 months of the date of filing of the Decision with the Town Clerk.

EXTENSIONS

A request to extend time limits must be made in writing to the Board no later than 30 days prior to expiration date. The Board in its discretion and upon written request, the Applicant may extend the time for exercise of such rights for a period not to exceed six (6) months.

APPEAL PROCESS

Any person aggrieved by a denial of a building permit and/or a zoning violation notice may request a hearing before the Board of Appeals.

While no section of GL Chapter 40A outlines criteria or conditions that must be determined, a case or argument must be made to convince the Board that the decision of the Building Inspector/Zoning Enforcement Officer should be overturned or reversed. Request to reverse decision are determined on a “case by case” basis considering information and facts presented at the public hearing.

As a final point, prior to submittal of this application, it is recommended that you meet with a representative of the permit granting authority e.g. the Building Inspector, the Health Agent, Conservation Agent, and Town Planner. Additionally, meet with your neighbors and abutters to your property and to discuss the project.
